Flight Tracker Android App

The screenshot displays the flight tracking interface for a Delta Air Lines flight from Sacramento to Minneapolis. At the top, it shows the route 'Sacramento to Minneapolis' and 'Updated 9:27 AM'. Below this are four icons: an airplane, a clock, a globe, and a right-pointing arrow. The flight is identified as 'Delta Air Lines 2029' and is 'EN ROUTE'. The departure is listed as '12/15/2010, 6:40 AM' on 'Aircraft: 90'. The departure airport is 'Sacramento International Airport (SMF)' with a checkmark and a right-pointing arrow. The status is 'left gate on time' in green, and the time is '6:40 AM' in large black font with 'PST' above it. The terminal is 'terminal A' and the gate is '1'. The arrival is listed as '12/15/2010, 12:17 PM'. The arrival airport is 'St Paul Int'l Airport (MSP)' with a right-pointing arrow. The status is 'arrives 28m early' in green, and the time is '11:49 AM' in large black font with 'CST' above it. The terminal is 'terminal 1' and the gate is 'F15'. At the bottom, it says 'Powered by FlightStats and FareCompare'.

App utilized extensive web services with Flight database.

Description

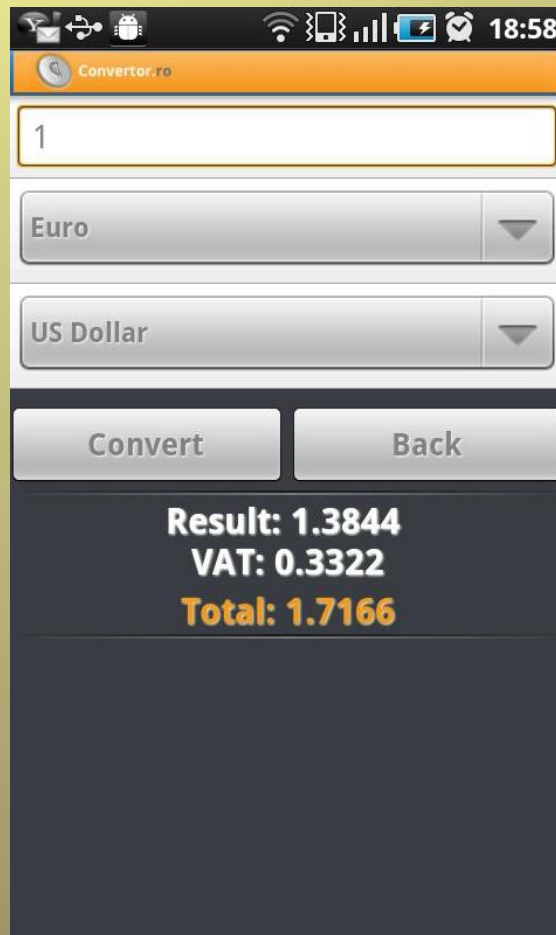

Get real-time flight status and map tracking for airline flights worldwide. The best flight tracking app out there! Track flights with beautiful, zoomable maps or get real-time departure info, delays and gate numbers at a glance. Full international coverage means you can track all your flights worldwide. We'll even update you on cancellations and help you find an alternate flight.

“Brilliant.” – New York Times

“If you travel by air, you’re going to want this application.” – Forbes
